

July 11, 1995

CD-95-11 (LDV/LDT/SMV)

Dear Manufacturer:

SUBJECT: CFEIS Development - 2nd Industry Briefing on September 6,
1995 at 10:00 AM

Although many of you have been informed verbally, this letter will confirm the change of date and time for the second industry briefing on CFEIS development. The original date of July 19, 1995 has been changed to **September 6, 1995** at the Holiday Inn North Campus in Ann Arbor (3600 Plymouth Road, US-23 Exit #41), from **10:00 AM until approximately 2:00 PM**.

This briefing will be a follow-on of the first briefing. Once again, it is aimed at light duty manufacturer representatives who work with the current MTS-CFEIS computer system in support of the light duty certification and fuel economy compliance programs, but all are welcome to attend.

The focus of this briefing will be to inform you on the status of EPA's design of the new CFEIS. EPA will also update you on the results of design information collected from manufacturers at the first CFEIS briefing. Please feel free to add to the attached proposed agenda any CFEIS items which you feel should be included.

Please contact Dan Harrison at 313-668-4281 or Wyatt Bardouille-Wolfe at 313-668-4520 if you have comments, additional agenda items and/or CFEIS questions for the briefing. Please call, email (harrison.dan@epamail.epa.gov), or fax (313-741-7869) with your name and number attending in order that we may reserve a room of adequate size for the group.

Sincerely,

Daniel L. Harrison
Senior Project Manager
Office of Mobile Sources
Certification Division

Proposed Agenda

September 6, 1995

10:00 AM Holiday Inn North Campus, Ann Arbor

2nd CFEIS Development Briefing
